- Michael Supperstone, Q.C., M.A., B.C.L.
Of the Middle Temple.

Since its creation in 1956, *Public Law* has been and continues to be the only British journal devoted to publishing scholarly articles, review and surveys that analyse and comment upon leading issues of constitutional and administrative law in the United Kingdom and abroad (especially in Europe, U.S.A. and the Commonwealth).

CHAPTER I. — THE
GENERAL PRINCIPLES OF THE
ART.

The first principle of the art is that the artist should have a thorough knowledge of the materials he is to use. This knowledge should be acquired by a long and patient study of the properties of the materials, and by a careful selection of the best quality of materials for each purpose. The second principle is that the artist should have a thorough knowledge of the principles of design. This knowledge should be acquired by a long and patient study of the principles of design, and by a careful selection of the best quality of materials for each purpose. The third principle is that the artist should have a thorough knowledge of the principles of construction. This knowledge should be acquired by a long and patient study of the principles of construction, and by a careful selection of the best quality of materials for each purpose. The fourth principle is that the artist should have a thorough knowledge of the principles of color. This knowledge should be acquired by a long and patient study of the principles of color, and by a careful selection of the best quality of materials for each purpose. The fifth principle is that the artist should have a thorough knowledge of the principles of light and shadow. This knowledge should be acquired by a long and patient study of the principles of light and shadow, and by a careful selection of the best quality of materials for each purpose. The sixth principle is that the artist should have a thorough knowledge of the principles of perspective. This knowledge should be acquired by a long and patient study of the principles of perspective, and by a careful selection of the best quality of materials for each purpose. The seventh principle is that the artist should have a thorough knowledge of the principles of anatomy. This knowledge should be acquired by a long and patient study of the principles of anatomy, and by a careful selection of the best quality of materials for each purpose. The eighth principle is that the artist should have a thorough knowledge of the principles of expression. This knowledge should be acquired by a long and patient study of the principles of expression, and by a careful selection of the best quality of materials for each purpose. The ninth principle is that the artist should have a thorough knowledge of the principles of composition. This knowledge should be acquired by a long and patient study of the principles of composition, and by a careful selection of the best quality of materials for each purpose. The tenth principle is that the artist should have a thorough knowledge of the principles of style. This knowledge should be acquired by a long and patient study of the principles of style, and by a careful selection of the best quality of materials for each purpose.
